

Exchange and Mart

VOL. 10 NO. 14 WEDNESDAY, MAY 14, 1969 10¢ PER COPY

Newly installed executive members of the St. Albert Lady Lions are pictured with Lion Bill Webber, installation officer, from left are Dolores Kambourff, Sheila Willis, Pam Mykityshyn, Stephanie Hrynew, Maureen Swain, Betty Thordson and Bernice Watkins.

Sheila Willis heads Lady Lions

The newly-elected executive members of the Lady Lions were officially installed at their regular monthly dinner meeting on May 12th at the Club Moombo. Zone Chairman of the Lions Club of St. Albert Mr. Bill Webber conducted the installation ceremony for President Sheila Willis, first vice-president Pam Mykityshyn, second vice-president Stephanie Hrynew, third vice-president Maur-

een Swain, secretary Betty Thordson, treasurer, Bernice Watkins, and past-president Dolores Kambourff.

The Lady Lions serve as an auxiliary to the Lions Club and stand ready to assist the Lions in any undertaking in which there aid is requested. Their major fund raising project is the annual Sweethearts Ball they organize each February and

proceeds from this year are being used for the purchase of a large swing for the Lions Park, which is presently being built.

Wives of all St. Albert Lions are extended a warm invitation to join the Lady Lions and interested women may telephone any member of the executive. The club meets on the second Monday of each month at a dinner meeting.

Cornwell-Lock win Stedelbauer trophy

The Stedelbauer trophy for the top-placing high school students in the car rally held Sunday will be presented to the team of Danny Cornwell and John Lock of Paul Kane High School. Best score of the event was made by Jim Nickerson and Gary Hunt with 83 penalty points, Danny and John had 106 penalty points for best student score and David Parks with Dave Cunningham were in third place with 106.

The event attracted eighteen entries and three of the

cars got lost and didn't finish. Maximum penalty points for the day were 275. This reporter heard a lot of talk from a stunned team of two Dons of Paul Kane before the rally started. But afterwards had difficulty in dragging out the information that they placed 10th.

Students Frank Winters and Wesley Jobe organized the rally and it will be an annual spring event. Their check point cars on the route were also manned by students. St. Albert High students will doubtless be

out for revenge next spring and it is expected that an even larger entry will participate, judging by the keen interest taken by a good many students who followed the rally although they weren't ready to compete this year.

The students are also hoping that they can draw in a number of teacher teams next year - no doubt in the hope of proving a little something about driving. (There could be a danger of the teachers doing the proving of course.)

Aubrey Mills (left), assistant manager of Grandin Bowling presents the handsome trophy emblematic of supremacy in the Tuesday night mixed league, to the "Alley Cats" along with the miniature trophies for each player. Captain Adrian Gamache accepts the trophy on behalf of his team, Denise Gamache, Betty Lemieux, Madeline Roy and Jean Paul Roy

Council gives go-ahead to development proposal

Council received a development proposal at their meeting Monday night for a hotel-shopping complex, possibly to include an apartment tower, to be built north of Grandin Shoppers Park between Grandin Road and Tache Street on Sir Winston Churchill Avenue. The Riverview Commercial Complex is to be developed by Riverview Development Company, having Messrs. Becker, Marland, Olson and deBrujn as principals. Architects are Blais and Pratt and Mr. Pratt accompanied Mr. deBrujn and another member of the firm at the meeting, when preliminary sketches and plans were described to council.

The plans require the purchase and closing of St. Thomas street in its entirety between Tache St. and Grandin Road. Council agreed to sell and make arrangements for the closing of St. Thomas street. The area involved is one full block plus the road allowances, or a total of about 200,000 square feet.

Approval was given to the Grandin Park replat plan involving about 85 lots in

west Grandin area to be properly laid out in streets and crescents.

Council also approved a grant of \$500 to the St. Albert and District Chamber of Commerce for 1969. A resolution of the finance committee proposing that the co-operative play school be given the use of the Club House at no cost was defeated by council.

After hearing the engineer's report on a suggested re-surfacing and paint pro-

posal for the tennis courts, council also turned thumbs down on this project. Members of the St. Albert Tennis Club met with council and there was some further discussion on proposed lighting and dressing room facilities at the courts.

Dr. J. M. Howell, medical officer of health, attended the meeting and council received the annual report of the Sturgeon Health Unit for 1968. Councillor A. Donais, vice-chairman represents St. Albert on the health unit board.

Victor Post, grade 10 student at Paul Kane School, is congratulated by his science teacher, Mr. Walter Sprunk, on his return from the Science Fair in Regina. Vic is holding the certificate citing him for obtaining highest mark in the fall plus best overall entry. His first place score in the physics division carried with it a \$100 cash prize and a trip to England and Europe.

Vic Post wins trip to Europe

It was an excited and happy Vic Post who telephoned home last Friday that his laser communications project had been awarded both top mark and best overall entry in the Canada-wide Science Fair held in Regina. The news generated some excitement around home too when his mother took the call. Vic's win entitles him to a trip to England and the continent with expenses paid. Maureen Bellwood of Hamilton, with a virus project won the biological section and scored the second highest mark of the Fair. (Vic's entry was in the physics section). All scoring is done by computer and the top mark entry does not necessarily win the overall best.

Maureen will also make the trip to England and the young people will be accompanied by Mr. P. C. Le Scelleur, executive director of the Youth Science Foundation, Ottawa.

Cont'd on Page 3

Smoking in bed caused close call

A St. Albert woman had a narrow escape early Sunday morning when she managed to stagger out of her house across from Reggie's Hardware on St. Anne Street. She was alone in the house and smoking in bed and fire broke out in the bedclothes after she fell asleep. The bed, mattress and blankets were completely demolished and there was extensive charring in the rest of the house. Considering the danger of smoke suffocation as well as the fire, Chief Tetazenko said he was surprised that she was able to get out in time. Firemen drove her to the Rectory where she was provided with clothing and then took her in to the home of friends in Edmonton. Gerry LaFleur who lives across the street turned in the fire alarm at 5:30 a.m. The woman has recovered nicely but all of the contents of the bedroom are completely lost.

Saturday evening at 8:15 firemen answered a call to an old vacant house southwest of Paul Kane School. It developed that children had lighted some material and thrown it into the basement. The fire was brought under control quickly and confined to the basement, all cement so that there was no damage to the house.

Youngsters were also responsible for two grass fires last week and the fire chief was able to track them down and talk to the kids and their parents.

The fifth call handled by the department this week was to the traffic car accident when Father Ricard of Legal and Mr. and Mrs. Andre Ricard of Morinville lost their lives.

K. W. (KEN) McAMMOND

Mr. McAmmond has been appointed senior public health inspector for the Sturgeon Health Unit, replacing the late Mr. Len Lloyd. He has been with this unit for three years in Westlock and will now be moving to St. Albert, probably about July 1st, with his wife, two sons and a daughter. Formerly Mr. McAmmond was in public health work in Rosetown, Saskatchewan and he holds a certificate in public health inspection from the Canadian Public Health Association.

The North through a teacher's eyes

by Doug Parkinson

The trip to Inuvik, NWT, was very busy from my standpoint, as nearly every minute of my waking hours was taken up with activities which either pertained to the school or to learning more about the far north.

My most general impression was that the country is large and empty; a place where time means little and the weather means everything. Spring had arrived at Inuvik several days before we arrived and therefore, the local population was certainly making the most of the long hours of daylight and the main topic of conversation was the warm weather.

My impression as a teacher was certainly influenced by the existence of a beautiful new secondary school, complete in every detail, which is staffed by a young group of energetic and community-minded teachers. The student body is composed of approximately one-third Indian, one-third Eskimo and one-third white students.

It appears that teen-agers are very similar no matter whether they are in St. Albert or in Inuvik. Of course, there are some obvious differences. Because of the harsh climatic conditions, dress regulations do not exist. Many of the students are considerably older than St. Albert students at the

same grade level, as generally they are late in starting school.

School life generally is very similar to school life anywhere else, with an active students' union, year book staff, and many sports activities. The students of Samuel Hearne are of course well-known on a world-wide basis for their cross-country skiing and they are also very competitive in soccer, basketball and hockey.

In summary, although life in the far north may differ, basically the education system is almost identical and teen-age students are teen-agers wherever they are. The system prepares the students for a way of life which is radically different

DOUG PARKINSON
from that known by their

parents. These students are being educated so that they will be capable of living in an industrial north.

This, to me, is the greatest single question mark raised by my trip to Inuvik. What are these students going to do when their education is complete and how well will they fit into a society which has not advanced far enough to accept them?

I am certain that they will not be willing to return to the ways of their parents, nor do I think that many of them will want to leave the north to take employment elsewhere.

Like with so many other questions we can only trust that the future will bring an acceptable solution.

Town of St. Albert

Notice of Public Meeting

The Council of the Town of St. Albert having been given authority in Section 119 of the Planning Act, 1963, as amended, to control development within the boundaries of the Town of St. Albert by zoning will hold a public meeting.

The purpose of the by-law is to rezone Lot 66, Block 4, Plan G from Commercial Comprehensive (CX) to Commercial Class 1 (C1) to permit the development of a television sales and service store.

The proposed by-law may be examined between the hours of 8:30 a.m. to 4:30 p.m. at the office of the Secretary-Treasurer at Town Hall.

The public hearing will be held in the Council Chambers on the 26th day of May 1969, commencing at 8:15 p.m.

Written objections to the proposed by-law will be received by the Secretary-Treasurer at his office until 4:30 p.m. of the 21st day of May 1969. Objections shall be submitted in writing prior to the meeting, those which have been received before the designated time will be discussed at the meeting before further oral presentations will be recognized.

D. B. O'Connell
Secretary-Treasurer.

The North through a student's eyes

by Kathy Olson

Our trip started when we boarded the Pacific Western Airlines Boeing 727 which took us to Yellowknife. From Yellowknife to Inuvik we flew on the Convair. During our trip, which took about 8 1/2 hours, we stopped at Hay River, Yellowknife, Norman Wells, before reaching Inuvik.

We were greeted at the door of the Inuvik airport by Mr. Jim Maher, the principal of the school I was to attend.

I stayed at the Anglian Hotel known as Stringer Hall in a dormitory with Eskimo girls. This hall is run by Rev. Holman, his wife and a staff of about 10 people.

Children come to this hostel from far up north in order to receive an education. The children who stay there are from five to 20 years of age. They stay there for 10 months of the year and never see their parents except during the summer holidays.

KATHY OLSON

I enjoyed staying in a dormitory with Eskimo girls. They were very friendly and taught me beadwork. The girls in the dorm did beautiful beadwork very skillfully. It was fascinating to watch them work.

While we were in Inuvik we were shown very interesting features. The Roman Catholic Church is designed on the basis of an igloo. For every structure built in the church, there is a different and important meaning implied.

We flew to Tuktoyuktuk and Timbuk with the Imperial Oil company. At Tuk, short for Tuktoyuktuk, we saw ships frozen into the ice of the Arctic Ocean. We went cross-country skiing with Harold Cook, who is a Grade 12 boy training for cross-country competition. We were amazed when we went through the oilfield heating factory, at its size and appearance.

We were also shown through the Research Centre, which is where they try to make the north a

better place to live and to explore into the depths of wildlife.

Since television is just beginning to be introduced to the north, the library and radio are the north-land's main sources of entertainment. Because of this people often donate shelves of books to it. The librarian told us they have more than 3,000 books. It is very nicely decorated with a polar bear skin hanging on the wall.

Before we began our trip, we heard food prices were extremely high and this proved to be true. Milk and ice cream are some examples. Whole milk is 97¢ per quart and ice cream is \$2.23 for the three-quart packages. Bacon is the most expensive of all up north.

I thoroughly enjoyed our stay in Inuvik and I'm sure Mr. Parkinson did as well.

St. Albert firemen honored

The Town of St. Albert honored its volunteer firemen with an awards banquet in the Club Mocombo last week.

The local brigade placed first in its class in Alberta and received honorable mention in Canada, 1968. Mayor Ray Gibbons accepted the award from Alberta Fire Commissioner Austin Bridges on behalf of Chief Fred Tetarenko and the department.

The firemen, who were accompanied by their wives, also received a trophy from insurance man Bernie Deever for their work in quenching a blaze at the home of one of his clients.

Little Lori Sparks demurely accepts her prize of a special cake for Mom and Mother's Day from Mr. Peter Zuidema of Grandin Bakery, while her mother looks on. Lori, who is three, won the Tiny Tot award in the coloring contest. Gazette Photo.

Nearly 500 children got out their crayons and colored the Mother Hubbard picture for Grandin Bakery's Mother's Day contest to try and win a cake for mom. Peter Zuidema and the staff thoroughly enjoyed meeting the youngsters and looking over the great variety of colors and styles used by the young artists. Two teachers, Mr. Raboud, vice principal of Vital Grandin and Mrs. Sommer and Mayor

Ray Gibbon acted as judges and cakes were presented to: Cindy Kashon, 4 Grange Drive, Theresa Jones, 56 Salsbury, Wendy Wandler, 52 Gordon, Deborah Thachuk, 60 Salsbury, Colleen Iseke, R.R. #1 and Karen Filides of 11 Garland Place, in the age categories arranged. After seeing the work of little three-year-olds, Mr. Zuidema decided to add a Tiny Tot prize and Lori Sparks of 361 St. Albert

Road was also presented with a cake. Mr. Zuidema would like to thank all the boys and girls who entered, and for those who didn't win he says "better luck next year."

NEWCOMERS

We welcome the following to St. Albert:

Mr. and Mrs. R. Dinter and family; Mr. and Mrs. P. Muzichuk and family; Mr. and Mrs. R. Puech and family; and Mr. and Mrs. Lyle Scott and family of the Sturgeon Heights area.

Mr. and Mrs. C. Lovett; Mr. and Mrs. R. Jansen and family; Mr. and Mrs. N. Horne and family; Mr. and Mrs. T. Proctor and family and Mr. and Mrs. P. DeWitt and family of the Grandin Park area.

VIC POST WINS TRIP TO EUROPE

From Page 1

While in England they will be housed at university quarters and will attend seminars in science plus tours of universities, under arrangements made and paid for by the Duke of Edinburgh. Details of the trip to Europe are not yet finalized.

The International Youth Science Forthright in London opens July 30th, and will be attended by science students from all over the world.

Vic reports that the Regina people in charge of arrangements were excellent hosts

and it was a thoroughly enjoyable trip, culminating in a party Friday evening.

In addition to the trip overseas and related activities, Vic is looking forward to meeting other students with similar interest in science from so many places around the globe, and a chance to talk things over with them.

SWIMMING

The pool opens for the 1969 season on Saturday, May 17. The schedule till June 1st was in last week's issue of The Gazette. Swimming instruction will start on June 2nd; details are given in a separate advertisement elsewhere in this issue.

Application forms for season tickets are available at the Town Hall and residents are reminded that May 16th is the deadline for application.

lying for family season tickets by special arrangement through the water and sewer billing. The tickets are being processed and mailed in the order in which the completed forms are received at the Town Hall.

PEDAL PUSHERS
The wind-up sessions of the Pedal Pushers' Club will be held on Saturday, May 17 at 10 a.m., when awards will be presented and films shown. Children who attended at Mackenzie, Vital Grandin and Leo Nickerson locations should go to Vital Grandin School on Saturday.

urday and those who attended at the St. George Simpson Schools and the parking lot at the Grandin Shopping Centre, should go to St. George Simpson Junior High School.

SOCCER

The St. Albert Premier League recently organized is comprised of four teams with Phil Sturges as manager and Ian Hamilton, Derek Lucas, Gordon Beckwith and Rea Pollard as coaches. This league is for boys between the ages of 11 and 14 and league play starts next week for the championship

and challenge cup. Boys from the four teams who show ability can still be considered for the representative team and play in the league games.

Be unselfish. That is the first and final commandment for those who would be useful and happy in their usefulness.
—Charles W. Eliot.

Good news for campers

The many St. Albert families who enjoy outdoor camping as a favorite summer recreation will be interested in the Family Camp Course being offered now in Edmonton.

The course includes five sessions and is being held each Tuesday evening starting May 13th until June 19th. It is jointly sponsored by the Canadian Family Camping Federation and the

Alberta Camping Association, and is concerned with all forms of camping, from overnight in a lean-to to long trips in a large trailer. All families from St. Albert and district and towns in the MD of Sturgeon are welcome to take in the sessions.

The opening session Tuesday was a get-acquainted program with showing of films. For the next four sessions starting May 20th

the Tuesday evenings will be given over to experts in various aspects of camping, with lectures and demonstrations on such subjects as equipment purchases and maintenance, outdoor cooking, including utensils, procedures which have proven helpful and menu ideas, camping safety, trip scheduling and so on. The course is designed to give families many kinds of advice on how

to make this form of outdoor living more fun and more convenient, based on the experience of many seasoned campers.

On the north side the location is the Glenrose School Hospital and a nominal fee of \$2 for an adult or \$3 for a couple is charged for the entire series. On June 15th a camp-out at Lake Wabamun will be the final activity.

\$30 respectively.

Sunday drinking with meals is now permitted and provision was made to allow movies and other forms of entertainment on Sundays on a local option basis.

Other significant legislation included compensation for victims of crime up to \$10,000; establishment of a Consumer Bureau; a highway accident investigation branch; guaranteed loans to Indian and Metis co-operatives and changing the name of the highways department to highways and transportation and welfare to social development.

Social legislation will make unmarried parents responsible for the maintenance of their children. Legal protection was provided for doctors, nurses and others who give emergency medical aid at the scene of an accident.

First offenders convicted of impaired driving now face a mandatory six-month licence suspension. In addition, intoxicated persons may be held for 24 hours without charge and policemen have been given the power to lift a person's driver's licence if he feels a person is unfit to drive.

Sunday hunting of big game in unsettled areas is now permitted although game bird hunting on Sundays remains unlawful.

Farmers received a boost when the government established guaranteed loans up to \$1,000 for grain drying operations and agreed to refund the three cent a gallon tax on purple fuels when used for farming operations after June 1.

However, a record budget of \$979,000,000 meant a five percent increase in the provincial portion of personal

income taxes, effective July 1st. Corporate taxes jumped to 12 per cent and smokers faced a 16 to 20 per cent hike on the retail price of tobacco.

The Workmen's Compensation Act upgraded compensation standards to modern levels and machinery was set in motion to increase the number of legislative seats from 65 to 75.

Major educational studies were announced. The government proposes to establish an enquiry into the directions the educational system should take in the next decade. Headed by Dr. Walter Worth, currently vice president of campus planning and development at the University of Alberta, the enquiry will study the future of elementary and secondary schooling, the post-secondary system as well as junior colleges, technical institutes, universities and adult educational programs. It will take three years to complete.

The other study will consider re-writing the Alberta School Act. Three major studies with which Premier Strom must

deal with this year are the annual report on mental health, the annual report on penal reform and the Gasoline Marketing report.

Report on car check-ups

At least 70 motor vehicles have been taken off the roads as result of the operations of the motor vehicle inspection centre, Director S. A. Rodway reports in Edmonton.

These cars generally were taken out of service because they would have cost more to repair than they were worth.

First deadlines for vehicles 1960 and older is Thursday, May 19th, with the second category deadline for vehicles of 1963 manufacture and older follows shortly on June 30th.

As of April 30th approximately 35,000 city vehicles from Edmonton and the surrounding district have been inspected and approximately half of these were provided with stickers on the first time through. More than 18,000 of these vehicles were returned for re-checks. Mr. Rodway estimates that 50,000 vehicles remain requiring testing before the end of June.

While the average number of checks daily is little better than 700 at present, it is expected that this average will go up to approximately 1,000 in the very near future.

It's a great design — but how about telephone requirements? Right at the blueprint stage is the time to take advantage of AGT's free Architects, Engineers and Builders Consulting Service. With this professional assistance, you can be sure that your plans incorporate sufficient telephone outlets — accommodation for switching equipment, and provision for conduits. In short, you will have a building that is "Telequipt" — where telephone requirements, present and future, have been designed as an integral part of the structure. While your building is in the planning stages contact AGT's Consulting Service. Call Calgary 262-8611 (collect) or Edmonton 229-1998 (collect).

Track club fourth in Legion meet

St. Albert's growing track and field team placed fourth in team standings at the Canadian Legion Trackmeet held in Westlock May 3.

Eleven clubs competed in the indoor meet. The Huskies of Edmonton lead in team points followed by the Edmonton Olympic Club and Westlock. Points were awarded on the 5-3-2-1 scale.

St. Albert students who qualified for points, exclusive of relay competitions were: Lynda Weber (6), Risa Joly (1), Arlene Olsen (2), Damlan Bone (3), David Maurice (3), Anders Udson (5), David Boles (7) and Gerald Byer (2). Five of six relay teams placed second. Many other members qualified for the finals and generally showed much improvement.

This week the club is in competition with Paul Kane, Concordia College, Camilla and Holy Redeemer College in ASAA district championships. Winners advance to the zone finals at Sherwood Park, May 31.

Citadel subscribers up 200%

Over the past two years regular subscribers to the Citadel Theatre have increased by 200% and they now number 4,000. It looks as if season tickets will be hard to get later on and the Citadel is presently advising their regular patrons to renew now. Patrons wishing to retain seats held last season may do so until May 31st.

An entertainment package of seven plays for six is currently being offered to season ticket holders. Another advantage to regular patrons over the casual theatre-goer is free exchange of options when they find it impossible to attend on their regular nights.

The Citadel's artistic director will select Fifth Anniversary plays from among such renowned productions as *There's A Girl In My Soup*, *Man of La Mancha*, *Julius Caesar*, *Shadow of a Gunman*, *Lovers, Don Juan in Hell*, *The Rehearsal*, *The Affair*, *Angels in Love*, *The Price and You're a Good Man, Charlie Brown*.

All seven productions of the new season will be available to subscribers for as little as \$18, the rate for a Saturday matinee. Season tickets for Sunday, Tuesday and Thursday evenings are \$21; Wednesday, \$23; Friday and Saturday, \$24.

Student matinee performances will again be presented at the one low subscription rate of \$7 for seven days.

Keane-Prefontaine Wedding

St. Emile's Roman Catholic Church was the setting of a beautiful afternoon wedding last Saturday when Emilie, daughter of Mrs. Emilie Prefontaine and the late Mr. Prefontaine became the bride of Gerald, son of Mr. and Mrs. Allan Keane all from Legal.

The double ring ceremony was performed by Father Martineau before an altar banked with baskets of assorted spring flowers. Soloists were Mrs. Muriel Krauskopf and Mrs. Lucienne Montpetit with Rachelle St. Martin at the organ.

The bride, gleaming with happiness, was given away in marriage by her grandfather and godfather Mr. Hector Gibeau. The bride was a vision of loveliness in crepe de sole gown with top bodice and lily point sleeves in a daisy patterned winter lace. Her mid-back detachable train was edged at the bottom with matching lace. Her Swiss net shoulder length veil was held in place by a tiara accented with crystals and pearls. She carried a bouquet of red roses with rosebuds attached to satin streamers.

Bridesmaids Joanne Prefontaine sister of the bride and Maymie Keane sister of the groom, wore identical soft pink sleeveless chiffon over taffeta floor length gown. Their empire gown was banded with a chiffon braid trim accented with tiny velour flowers. They wore white elbow length gloves with matching white slippers. They carried cascades of white roses with pink rosebuds. Their bouffant hairdos were complimented by matching pink rosebuds.

Best men were Lucien Prefontaine, brother of the bride, and Martin Montpetit, cousin of the groom.

Ushers were Richard Garneau and Jos Gibeau. For her daughter's wedding, Mrs. Prefontaine chose a soft coral two piece suit complimented by a corsage of yellow roses with matching bone accessories.

Mrs. Keane wore a grey and navy two piece suit, navy blue and white accessories and red roses in corsage.

A banquet was held at the Community Centre with Maurice Gibeau as master of ceremonies. The toast to the bride was presented by Dixon Keane, uncle of the groom. Toast to the groom was presented by Jos Gibeau, uncle of the bride.

Later in the evening some 400 friends and relatives enjoyed dancing, refreshments and lunch.

Chevrolet Pacesetter Values

This year's cars at less than last year's prices.

You already know where most prices are going. Up. So you'd naturally expect the brand-new '69 cars shown here to cost a lot more than last year. Fact is, many cars in this year's line-up from Chevrolet cost less, much less, than last year's models. For instance, the 2-door Impala, equipped with power disc brakes, Turbo Hydra-matic transmission, whitewalls, wheel covers and head restraints, plus a bigger motor than last year, is yours for \$120.50* less than last year's figure. And comparable savings are waiting for you on many Nova, Chevelle and Camaro models. In other words, you can buy many of this year's cars at less than last year's prices. Which is what putting you first is all about. From the top, Chevy Nova, Chevelle Malibu, Camaro and Impala.

CHEVROLET Pacesetter Values

Every Chevrolet has to make it before we mark it.

*Based on manufacturer's suggested maximum retail prices, including federal sales and excise tax and suggested dealer delivery and handling charges.

Oilers accepted into league

Manager Norman La-coursiere and Chester Cunningham represented the St. Albert Oilers at a meeting of the Eastern division of the Oilfield Baseball League held May 6th in Calgary. The club's application for membership was accepted by the division, subject to the baseball diamond meeting the required standards. League president Bob Murphy will be inspecting the diamond prior to commencement of regular league play. The Oilers will now be able to enter the tournament at Slave Lake on the coming long weekend. A number of players of high calibre have tried out for the St. Albert team this year, including Ron Hayter, last year's league president, and Larry Mitchell, among others, so that the club is looking forward to an excellent season.

They are sponsored by Willowbrook Homes for this season and have also received support from a number of local business firms including Sturgeon D & A Service, Royal Shoes, Grandin Agencies, Tompkins Hardware, Hutchings Shoes, Grandin Park Cleaners and Veness Bulk Esso.

The league schedule has not been finalized but it is expected May 25th will be opening day.

Guidance services PTA topic

The regular monthly meeting of the Leo Nickerson PTA will be held Wednesday evening, May 21st at 8 p.m., in the music room of the school.

Guest speaker for the evening is Mr. D. Thomas, supervisor of guidance for the St. Albert Protestant Separate School Board. Mr. Thomas will give a resume on the nature of guidance services in the district.

Parents will also have the opportunity to meet Mr. L. Thronsdon who has recently

assumed the duties of principal of Leo Nickerson.

This will be the last meeting of the current school term and a good turnout is hoped for.

Local boxer captures trophy

Don Wilson, a promising young St. Albert boxer brought home another trophy for his growing collection last weekend. Don was the only St. Albert boxer on the fight card at Fort McMurray which attracted fighters from Edmonton and Valleyview as well.

There was a good crowd on hand for the Trophy Night card honoring a Fort McMurray boy who lost his life in Viet Nam.

Don's opponent in the senior 110-pound division was Jim McKercher of Fort McMurray and he won with a TKO at the one minute-ten second mark.

to the editor

Dear Sirs:

On behalf of the students and staff of Sir Alexander Mackenzie School, may I thank you for your coverage of our 10th anniversary celebrations. We had an interesting and exciting week and so did Kathy Olson and Mr. Parkinson on their trip to Inuvik. We hope our guests had fun too.

Debbie Brewster,
Grade 5.
